## BIO

- 10+ years experience in User Experience Design, User Interface Design, and Videography
- Adobe Certification in Adobe After Effects
- Graphic Design USA Health & Wellness Award Winner for Video Production/Design
- TEDx Speaker on Education, System Research, and Design

## EXPERIENCE

### Athletico Physical Therapy | July 2021 - Present

*Video Production Specialist, promoted to Senior Designer, Video & UX (2023)*

- UX/UI advisor and consultant for Athletico's brand new Career Page
- UX/UI advisor and consultant for Patient Portal online registration experience
- Co-designer of Whitelabel UI redesign for Athletico's Remote Therapeutic Monitoring (RTM) App
- Created and animated United Center ribbon boards and jumbotron ads during Chicago Bulls games for full-stadium takeover and full 360 degree entertainment experience
- Edited large "It All Starts with Athletico" B2C commercial campaign that was targeted in every state with brand-presence and was aired on television, Hulu, Paramount+, and YouTube ads

### Lions Clubs International (LCI), Oak Brook, IL | June 2019 - October 2020

*UX / UI Designer*

- Served as sole designer for 3 development teams across all of LCI
- Conducted research and designed new volunteer platform for all users
- Collaborated with 7 product owners, managers, and CTO to develop solutions and meet strict project deadlines
- Managed and redesigned projects ranging from small bug fixes to complete renovations of existing digital ecosystems
- Maintained positive feedback and consistent web traffic of 250,000+ users per month
- Redesigned platform to be ADA compliant with accessibility for users with visual impairments
- Identified and fixed bugs from initial platform development issues
- Implemented universal design across all products, ensuring accessibility and creating more cohesive branding across all desktop, tablet, and mobile applications
- Increased volunteer reporting (a key LCI Metric) by conducting research, interviewing users, and using user suggestions to design new reporting tool aligned with user goals
